Pro Networks: Supporting inter-sectoral networks in the integration of university drop-outs into vocational education and training

ProNetworks: online-tool and website

Project website

- Gateway to the online tool
- Gives information about the online-tool and project goals
- Allows multipliers to sign up for the newsletter (also downloadable)
- Networking-list for multipliers for transnational exchange

http://www.university-dropout.com/

proNET

Online-tool

- enables university drop-outs to document their learning out-comes from the first semesters

- Allows structured documentation of non-formal and informal learning outcomes

- University drop-outs can conduct a questionnaire to find a suitable training in the IT industry based on their professional type (RIASEC-based)
